space obstacle
courses

**A game changer in
exercise and play!**

Park Warrior

A game changer!

A brand new category straddling exercise and play, the 'Park Warrior' range has been developed to encourage people aged 12 and up to get active and healthy in open space while having fun.

A key focus has been to create something inviting and exciting for teens and youth. 'Park Warrior' brings greater reward to play and exercise by 'gamifying' the user experience.

This is achieved by delivering a range of innovative and challenging obstacles configured in a well considered sequence with a clear beginning and end. The challenge for some will be simply to get through the course. For others it may be to beat the 'clock' and achieve a PB (personal best time), or to get a better time than others.

Instructions and timing are accessed via the **Park Warrior App**. The App helps users find their nearest Park Warrior location, provides video instructions and tips for tackling each obstacle, includes a stop watch and presents a 'Leader board' displaying the top 20 times recorded by users.

Sitting behind the fun of each 'Park Warrior' course is a plan to build the strength, co-ordination, balance and flexibility of users.

Unlike structured exercise facilities the health and fitness gains are a byproduct of the activity, rather than the primary purpose.

Safety has been a key consideration in the creation of 'Park Warrior'. While a level of risk is built in to each activity to offer appropriate challenge, that risk has been managed within the Australian Playground Safety Standard AS4685.

The fun, challenge and friendly competition are designed to keep users coming back!

Park Warrior Courses

Four configurations of courses have been created to cater to different size spaces and budgets.

Each configuration provides a carefully planned sequence of obstacles testing each user's strength, agility, co-ordination and problem solving ability.

The four configurations include:

1. Compact Course
2. Challenger Course
3. Multi Course
4. Mega Course

Compact Course

No. of obstacles_ 10	Max. Equipment height_ 3300 mm	Area required_ 24.2 m x 9 m Softfall area: 218 m2 Softfall perimeter: 64 m
Age suitability_ 12 +	Max. free height of fall_ 2550 mm	

Challenger Course

No. of obstacles_	Max. Equipment height_	Area required_
11	2950 mm	25.8 m x 11 m
Age suitability_	Max. free height of fall_	Softfall area: 285 m2
12 +	2950 mm	Softfall perimeter: 74 m

Multi Course

No. of obstacles_	Max. Equipment height_	Area required_
12	3300 mm	19.8 m x 14.6 m
Age suitability_	Max. free height of fall_	Softfall area: 295 m2
12 +	2950 mm	Softfall perimeter: 70 m

Mega Course

No. of obstacles_ 16	Max. Equipment height_ 3800 mm	Area required_ 19.9 m x 18.5 m Softfall area: 375 m2 Softfall perimeter: 78 m
Age suitability_ 12 +	Max. free height of fall_ 2950 mm	

Colour Schemes

Intensity Orange

Rainforest Glow

Pink Stripe

Adding dimension to Park Warrior. The App!

The App sets a new standard. While the obstacle course equipment on its own is exciting, the App really brings it to life!

At its core the **Park Warrior App** :

- Educates, motivates and engages users.
- Records and posts times.
- Enables friendly competition.

We've created a portal for owners of Park Warrior Courses (i.e. Councils, etc.) to access the following:

- Create 'official' events at defined times and locations.
- Register participants.
- Upload 'official' times for those events.

We provide support in setting up and running events. This includes training to become 'official referees' to supervise and time competitors.

What a great way to drive greater community engagement!
