

Contemporary & Organic

New Play Ranges

New look play systems.

a _space's Contemporary and Organic play ranges are streamlined, design-led, and above all, playful! Their form and aesthetics have drawn inspiration from a modern, architectural, and distinctly Australian perspective in design.

The Contemporary Range offers a sleek, elegant design featuring mesh panels and curved roofs. The Organic Range features high-quality Australian timber elements that provide a natural and gentle thematic story, whilst still feeling architectural.

These ranges feature a new series of play events have been developed to excite, surprise and thrill! From the Scaling Walls and Rope Funnel to the Rope Hammocks and Crossings there is fun to be had by users of all abilities. An innovative array of configurations using the new events create two distinctive ranges that feel modern and elevated in design.

Contemporary Range

A stunning new play range that combines strong architectural forms with streamlined materials and aesthetics.

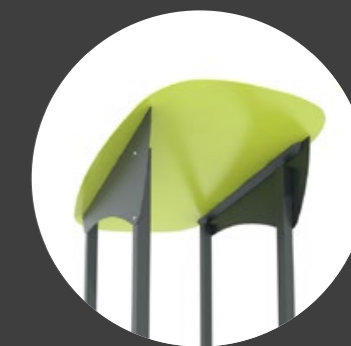

These modern designs feature striking new aluminium roofs and patterned aluminium mesh barriers. The colour schemes draw inspiration from the vibrant Australian landscape.

DESCRIPTION

Designed to feature streamlined materials juxtaposed with organic forms, trends emerging in modern architectural design have been a major inspiration for the range. Feature elements are made from chromated & powder coated Aluminium plate for maximum marine grade durability.

DESIGN CONSIDERATIONS

The modern and architectural play events created for this range are the perfect blend of form and function. The user experience is at the core of each design, with flow, inclusivity, and opportunities for surprise and delight hidden in each configuration. Special consideration has been given to create challenging climbing events and sensory items that encourage social connectivity.

ROOFS

Aluminium plate with architectural organic forms are designed to take the heat away from deck surfaces by casting shade.

PANELS

Designed to add a modern feel to our range the material & hole pattern provide an architectural look and feel that will appeal to design focussed customers.

FIXINGS

Quality stainless steel, tamper resistant fasteners are concealed to maintain clean lines.

Organic Range

Organic Range

A modern, exciting twist on nature play! The 'Organic Range' features a striking mix of premium timbers and aluminium.

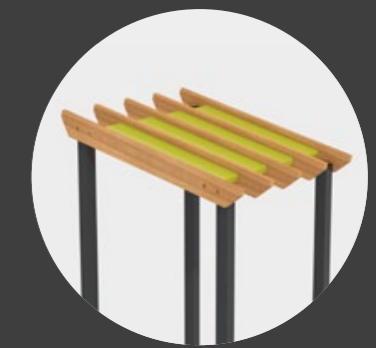

Designed to deliver a stunning balance between nature, architecture and play, this range delivers memorable experiences that are tactile and sensory.

DESCRIPTION

This range brings together the warmth of timber with the durability of aluminium and steel in a format that is unique and attractive. Queensland Spotted Gum is the prominent feature of this range, chosen for its durability, attractive markings and vibrant colour palette.

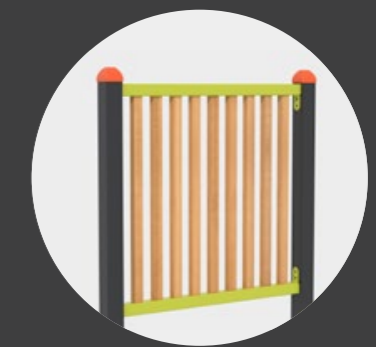

DESIGN CONSIDERATIONS

When designing with timber in an outdoor environment, Queensland Spotted Gum is in a class of its own. One of Australia's premium native hardwoods with a striking appearance and a high degree of natural durability and strength, making it an ideal timber for landscaping, architecture, and playscapes.

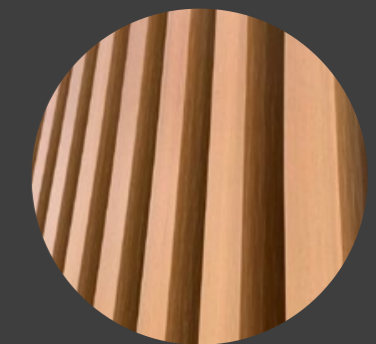

ROOFS

The roof is designed to sit above a standard 1x1m platform or placed offset next to another roof section, adding to the architectural style of the playground.

PANELS

The timber beams are locked in using friction and clash methodologies to remove any weak points for maximum safety. Hidden drainage holes increase durability.

TIMBER

Premium native 'Spotted Gum' is a hardwood that we kiln dry, dress & oil. With a high degree of natural durability & strength it can last in ground 15-25 years & above ground 40+ years.

Colour Schemes

Mangrove Tones.

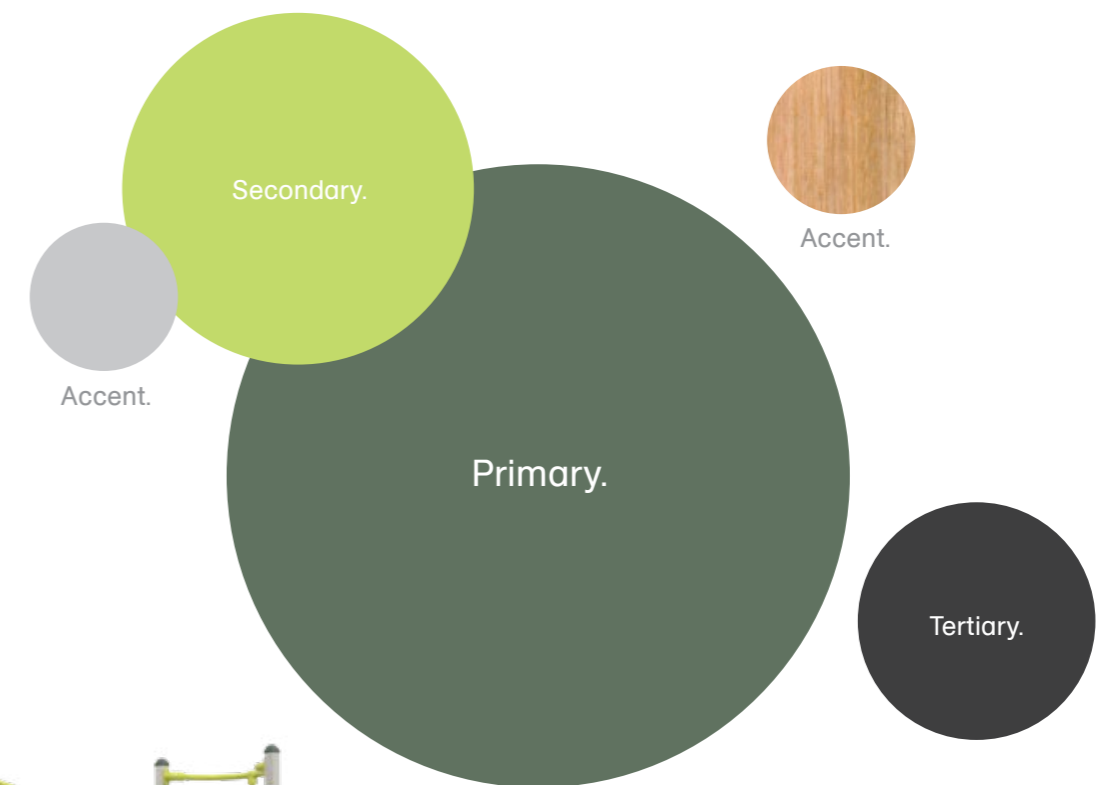

Natural elements of water and flora that are unique to mangroves form the key colours in this palette. Distinctive bright greens are offset by wood and earthy hues.

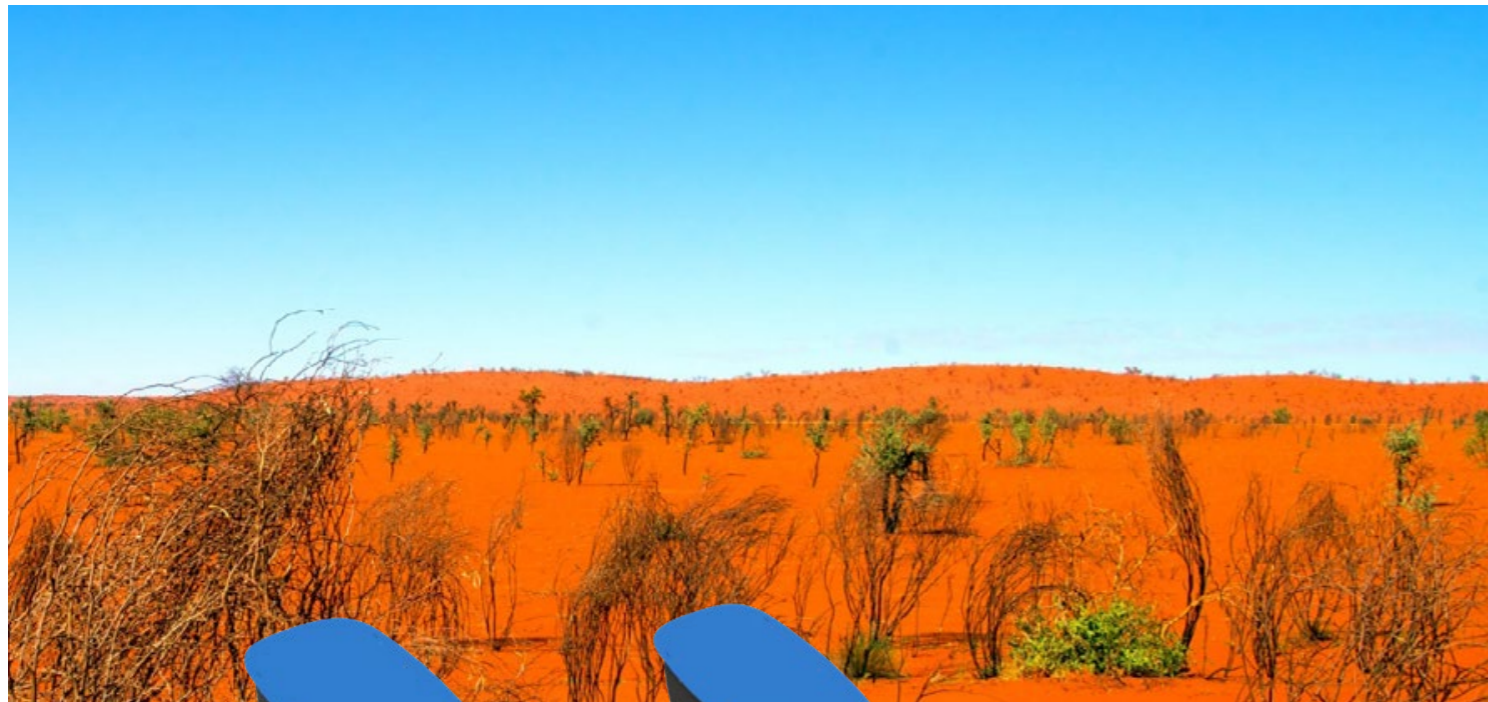

Gumleaf Gully.

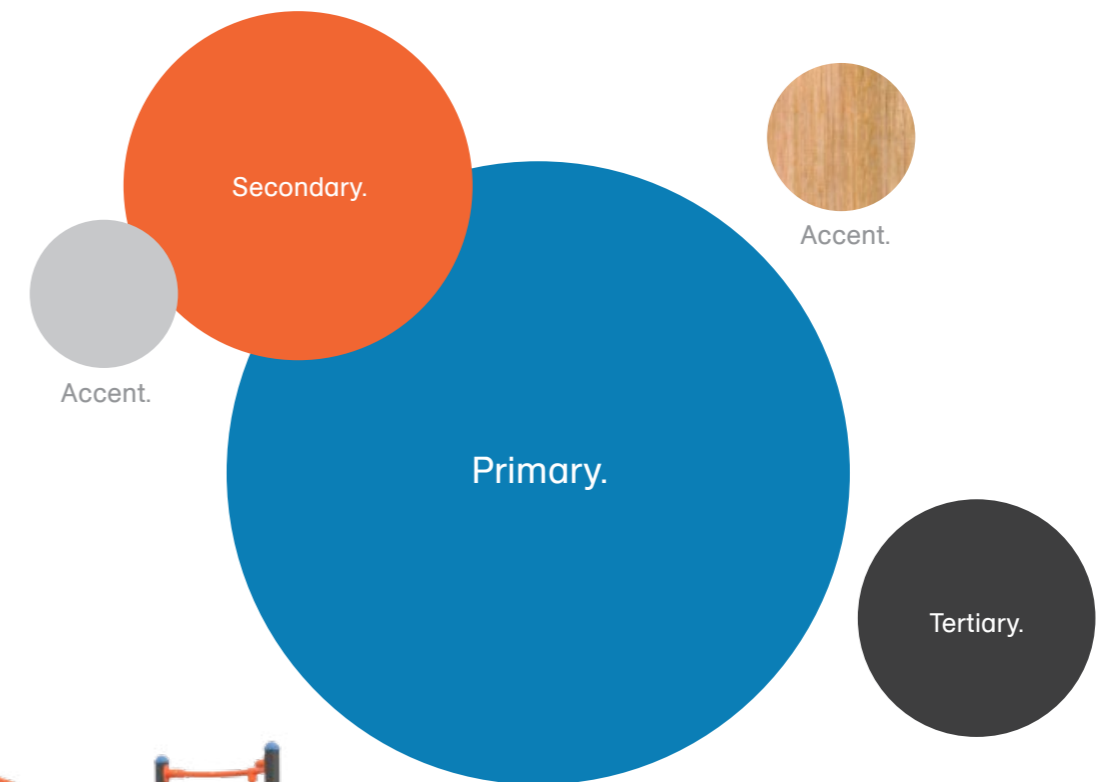

Inspired by leafy shades of green from native fauna, this colour scheme is designed to blend seamlessly into an Australian landscape and enhance natural play environments.

Desert Sky.

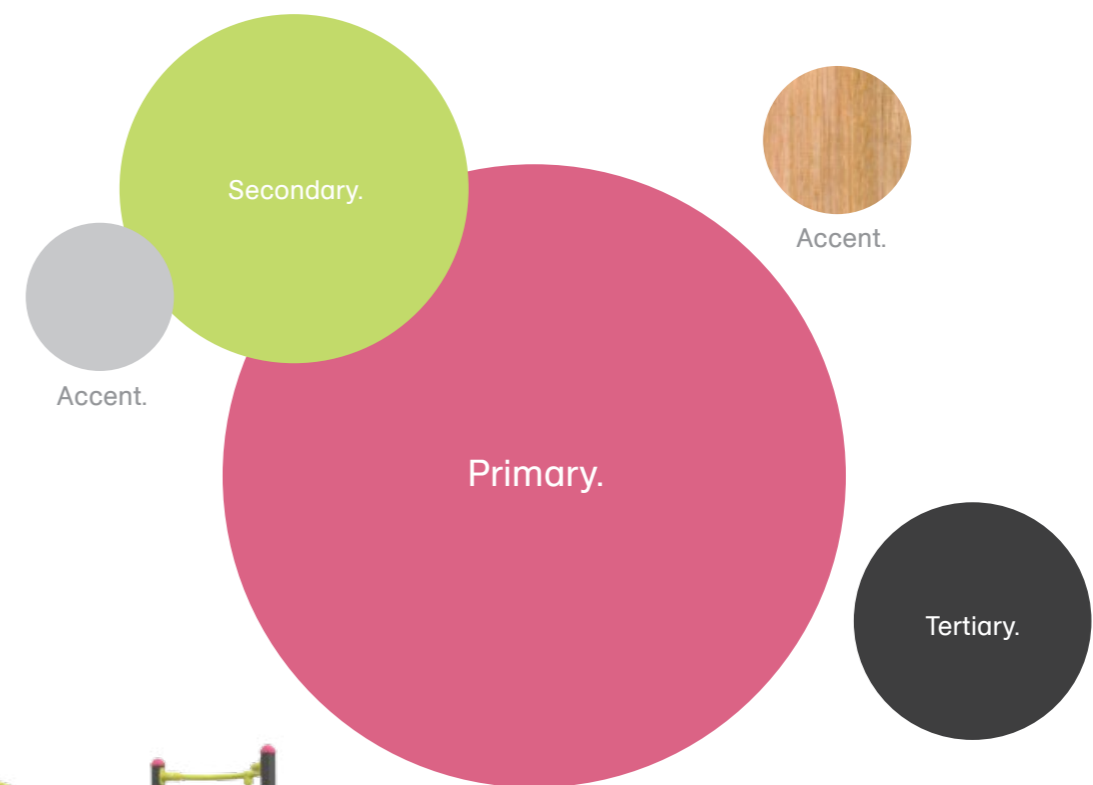

Distinctive blue hues evocative of the colour of an expansive Australian sky strike a harmonious balance with contrasting earth and orange tones to create an inspired landscape aura.

Flowering Gum.

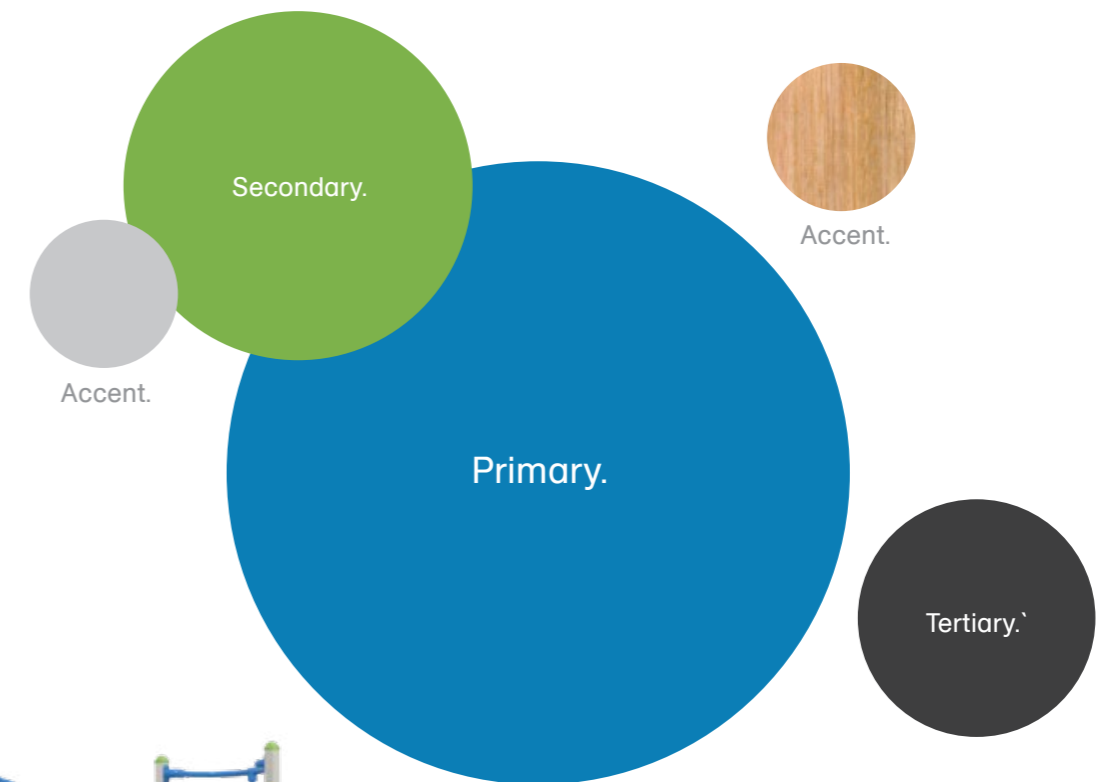

The flowering gums' stunning pink flowers and brilliantly contrasting greens have inspired a modern colour scheme that speaks of the vibrant Australian bushlands.

Daintree Shades.

Taking its cues from the rich, lush foliage of the Daintree Rainforest and surrounding waterways, this palette offers a relaxing, tonal balance between blues and greens.
